HOW TO USE THIS BOOK

Find the number or letter in a circle and look it up in the key below.

Color the circle with that color. A to F are colors ten to fifteen.

Work from one edge inwards and the picture arrives sooner.

Background circles are part of the puzzle. Color them too.

Markers and gel pens show up brightest on black. Colored pencils work too.

Pages are single sided, so nothing bleeds through onto the next picture.

Every reveal is printed small at the back, for when you cannot wait.
